

Triple Ring Show:

Three rings will be running simultaneously using the following procedures

- ⇒ The halter class ring will be run in the published sequence.
- ⇒ Halter classes have priority.
- ⇒ Two classes will be run simultaneously in the performance ring. Each class will be held open until all of the entrants have completed the course. Please plan your performance schedule to assure that you do not miss a halter class. The classes will be announced to assure no one misses a class.

Halter Classes:

Each llama must be entered in its appropriate age and wool division at the time of the Grand National, regardless of the age or wool division in which it initially qualified. The yearling classes will be split according to ages — 13 to (through) 18 months, and 19 to 24 months. Please remember that this is a yearling class. Yearlings range in age from 12 months to 24 months. On a llama's date of birth, the llama moves up to the older class. This means that an animal born 10/26/06, on 10/26/06 must be shown as a yearling and in the case of the Grand National, it would be entered in the younger (13 to 18 month) class. All four wool divisions will be included in the Grand National. If you qualified at a show where wool divisions were combined (e.g., Light/Medium or Medium/Heavy), you must choose the correct wool division for the Grand National.

Pack Classes:

It has come to our attention that llama exhibitors are using small packs intended for alpacas. At the Grand National, it is expected that pack systems will be of proper scale for the animal's size.
